

## Outdoor Speakers

USA Product with Reputation known since 1967, has pioneer in the multi room audio industry, that is why it is recognized as preferred speakers for audio distribution system world wide.

### Awards

The OB5.1 Outdoor Speakers have the features that a true outdoor speaker requires. From rain to snow, saltwater to the sun's harmful UV rays.

OB5.1speakers are meant be placed outdoor with the worst Mother Nature can dish out! Along with the gold-plated binding posts, solid brass and stainless steel hardware and rust-proof aluminum grille the resonance-free, mineral filled composite cabinet can withstand extreme temperature fluctuations from -50F to 200F. OB5.1 speakers were created with harsh environments in mind.
