

Table & Floor Lamp Dimmers – Plug & Play

The secret of great lighting is being able to control it. Set the lights as you need them and the setting is automatically saved as one of your custom scenes. Retrieve it later at the touch of a button, no settings again & again

Table lamps can add accents to a room's lighting, providing a comfortable and convenient level of light next to your bedside. With Solina, you can dim a table or floor lamp to a soft glow during a movie or brighten it with a touch of a button for reading or working. Solina memorizes the last light level set and recalls when you desire.

Solina discreet table and floor lamp dimmers allow you to set the level of light for floor and table lamps. You don't need to do any new wiring, it just plugs in. This plug-in lamp dimmer comes with 2 meter cord with plug included.

- Applications:**
- Lighting and highlighting interiors for Luxury Homes
 - Lighting and highlighting interiors for Luxury Offices
 - Lighting and highlighting interiors for Luxury Hotels
 - Lighting and highlighting interiors for Luxury Schools
