SLIM DEVICES

## SLIM DEVICES

The new, third-generation Squeezebox is the easiest way to listen to the music stored on your Mac or PC or virtually any internet radio station on your stereo.

Squeezebox is a study in downtempo, modern design appropriate for any setting. It is a joy for the eyes as well as the ears. Set-up is easy, so you'll be listening to your favorite music in minutes.
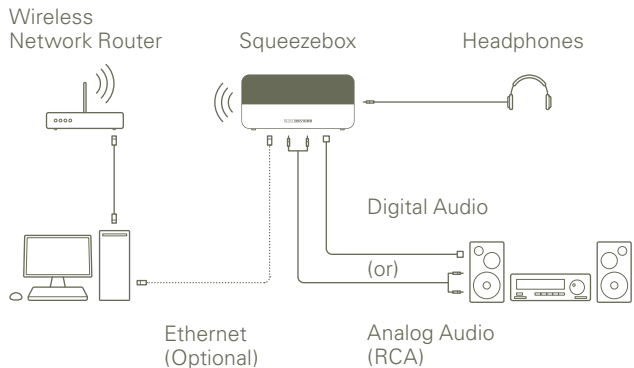

*Squeezebox features:*

• High fidelity 24-bit Burr-Brown™ DAC
• Digital optical, coax, and analog connections
• True 802.11g wireless and ethernet ports

• Plays MP3, WMA, WAV, FLAC, AAC & Ogg files from your computer.
• Stunning aqua display with visualizers
• Search 100,000 song libraries in seconds
• Access virtually any internet radio station and RSS feed any time, even without a computer.
• Works with iTunes, MusicMagic, Live365, RadioIO, Shoutcast and Windows Media radio
• Stream music throughout your home or office by adding players to any room
• Clock with 7-day alarm, wireless bridging, synchronize multiple players
• Learn more at *www.slimdevices.com*

*System Requirements:*
•  256MB RAM, ethernet or wireless network, and 20MB hard disk space
•  Windows XP / 2000 / NT: 733Mhz Pentium
•  Mac OS X 10.3.5 or later
• Broadband internet connection (for internet radio and SqueezeNetwork)
