

# CorAccess HomeManagement AutoMate & PhotoMate

CorAccess HomeManagement  
CorPhoto? Online Premium Services

Enjoy whole home media and premise management on elegant touch-able interfaces for a fraction of the cost of the high-end systems. The Companion suite of interfaces are pre-loaded with everything you need to offer a graphical control interface to popular home systems. In fact they are so **easy to install** and setup we call it a SNAP? ....**S**ystem & **N**etwork **A**utomated **P**rovisioning. All of the HAI, OnQ HMS, Aegis, and FutureSmart controller information AND network addressing is provisioned by simply plugging it in.

CorAccess AutoMate is *The* premier control interface, conveniently extending access to environmental, security, and lighting control and the framework for PhotoMate all on a very bright, colorful and inviting touchable interface. **Home Control was never this much fun!** Ideally suited for the CorAccess Companion interfaces, these useful and enjoyable applications are perfect for locations throughout the home. Place Companions at the front & back door for security control, bedside table for premise monitoring, kitchen for lighting, appliance, spa and irrigation control and more!

## AutoMate Premise Management

- /// Security Multi-zone Arm/Disarm sequences
- /// Zone Status Display, Zone Bypass, event logs
- /// Ambient inside/outside temperature
- /// Multiple Codes/Users
- /// Time/Date/Sunrise

## AutoMate Lighting/Appliance/HVAC

# CorAccess HomeManagement AudioMate

Options

**CorAccess AudioMate** extends the interface to include whole home media control. **Now enabling plug & play touchable access to home audio** entertainment platforms like Request Multimedia's ARQ media server anywhere in the home on Companion interfaces from CorAccess.

**AudioMate can even be provisioned remotely** saving you hours of programming and integration. In addition to existing services like AutoMate/PhotoMate, now you can access your stored audio media on one consistent, convenient interface. No programming required...It only gets better!

- Standard Audio Player controls: Shuffle/Repeat/etc
- Multiple views for control: playlist-centric or control-centric
- Multi-Zone Audio Control
  - Digital Radio – Use the ARQ as a digital radio station to play locally on the Companion or setup your own Internet radio favorites. Use the on-board speakers or audio out on the Companion 6 or Companion 10 to connect room/zone speakers.
  - AudioMate functions independent of other AutoMate/PhotoMate functions and does not affect other interface communications, meaning interruption-free listening.

## CorAccess HomeManagement CorPhoto Online Premium Services

**CorPhoto.com is a natural extension** of the already powerful PhotoMate Digital Photo frame. **Now users can share photos with friends and family from around the world** and display those galleries on Companions easily and instantly! A broadband Internet connection is required for the online CorPhoto digital exchange. Basic service is free, premium allows sharing and downloading to friends' Companions.

- It's as simple as click, upload, and share!
  - Create multiple albums in each user's Gallery. Remember, the basic photo-sharing Gallery is free!
  - **You can even print pictures** via the online photo service by Shutterfly. What a convenience! You like what you see, just click and print!
  - Albums can have read, write and caption permissions per individual authenticated user for an additional level of privacy.
  - Be in the movies...script a scrolling slide show today!
- Future Options include AniMate, TeleMate, and Remote Home Access.*
